EMC ASSESSMENT

Product: LED Fluorescent Tube Driver

Model No.: AD-A20W-T240, AD-A20W-T320, AD-A20W-T550,
AD-A20W-T140, AD-A20W-T200, AD-A20W-T480

Manufacturer: Shenzhen AD Power Supply Technology Co., Ltd

Test Report: Shenzhen Toby Technology Co., Ltd,
report TB-EMC094546 dated 22nd June 2009
East 5/Block 4, Anhua Industrial Zone, No.8,Tairan Rd.,
Chegongmiao, Futian District, Shenzhen, CHINA

Assessment Date: 23rd March 2011

Applicant/Prepared for: Solar Lights Pty Ltd
9 Murawa Street, Frankston Vic 3199

Relevant Standards: AS/NZS CISPR15, 2006

The compliance documentation for the LED Fluorescent Tube Driver (models listed above) was assessed for compliance to the C-Tick requirements for Australia.

Testing was performed at Shenzhen Toby Technology Co., Ltd Testing laboratory in Shenzhen, China. The laboratory was not accredited by an ILAC MRA organisation however the detail provided in the report indicates that testing was performed correctly.

The LED Fluorescent Tube Driver was tested to EN55015:2006. This standard covered the applicable C-Tick requirements of AS/NZS CISPR 15, 2006.

The results in the test report demonstrated that the LED Fluorescent Tube Driver complied with AS/NZS CISPR 15, 2006 thereby meeting C-Tick requirements.

Signatory:

A handwritten signature in black ink, appearing to read "Mark Mifsud", is written over a light-colored rectangular background.

Mark Mifsud
